

## A Perfect School With Good Education

CATEGORIES: [BLOG](#) MAY 28, 2013 @ 10:19 AM [4 COMMENTS](#)

**QUESTION:** Okay, division 3 we are in the final stretch of the school year. I was wondering today about school and what it means to you? Is school a place to learn, a place to socialize, a place to try new things, a place where you feel encouraged or all of the above and more?

If you could create a perfect class and/or school, what would you want in it? What are the important things you want in your school? What will engage you? What will teach you? What will inspire you? What will make you wonder?

When you finish, please be sure to comment on at least two other blogs

**ANSWER:** I like school. I think its fun and the education is good. But if you really want a fantasy for school I would like a chocolate fountain in the middle of every classroom. But that will never happen. I would want a flower garden on the roof of the school and a ladder leading up to it. It would make me wonder if we could have an environmentally friendly school. I am inspired by making a environmentally friendly school for everyone. With gym three times a week and KM club in the fall too. Also get a garden for every teacher in the school. A perfect classroom would be everybody caring for each other, and not getting very competitive in gym. But still competitive. Nice teachers and nice kids. Also a good secretary that is always on task and is fast at doing thing so she/he could get a break after all the work is done. I think that the kids in my school should be encouraging to others in the school. Do a lot of thing in partners to interact and be social. Also the teachers should get a break when the students are working.

Hope you like my idea of a perfect school. ( With good education )

Having the gym three times a week would be wonderful! Maya you have really inspired me to take care in creating a caring classroom community. Thank you so much for your thoughts.

Maya I am looking into a getting the Chocolate Fountain. Do you think it should be light chocolate or dark chocolate??

Thanks for your creative ideas.

Awesome idea about the chocolate fountain. I want one too in my class. Dark chocolate of course. I also think your environmentally sound school is an amazing idea as we are all trying to create lives with more sustainable practices. I love your idea of school.
