

## **AREA OF CHOICE: COMPOSITION 10**

### **Description**

EFP Composition 10 is designed for students who have an interest in developing their skills in written communication in a variety of contexts. This area of choice provides students with opportunities to think critically as they explore, extend, and refine their writing. Within a supportive community of writers, students will work individually and collaboratively to explore and create coherent, purposeful compositions. They will develop their craft through processes of drafting, reflecting, and revising to build a body of work that demonstrates breadth, depth, and evidence of writing for a range of situations. The following are possible areas of study within this Area of Choice:

#### **Community Focused Text**

Suggested content includes creating written work that relates to local FP resources and contributes to community by supporting community-driven initiatives (e.g., proposals work, letter writing, and other technical communications; archiving projects)

#### **Composition**

Suggested content includes narrative, expository, descriptive, persuasive, and opinion pieces, with attention to aspects such as developing a thesis, structure, transitions, hooks and leads, persuasion, argumentation, and sample works related to First Peoples' themes.

#### **Research and Writing**

Suggested content includes indigenous and western approaches to research, as well as how to research and cite sources. Students will consider the credibility of evidence and evaluate their sources when supporting an argument.
