

AREA OF CHOICE: NEW MEDIA 10

Description

The New Media area of choice is a program of studies designed to reflect the changing role of technology in today's society and the increasing importance of digital media in communicating and exchanging ideas. This area of choice is intended to allow students and educators the flexibility to develop a program of study centred on students' interests, needs, and abilities, while at the same time allowing for a range of local delivery methods. The New Media area of choice recognizes that digital literacy is an essential component of the educated citizen. Coursework is aimed at providing students with a set of skills vital for success in an increasingly complex digital world by affording opportunities to demonstrate understanding and communicate ideas through a variety of digital and print media.

The following are possible areas of focus in New Media 10:
